Who Are We?

Shirley Lockie

RN MClIn Sci PNSA MSN NP Dip PM
SCOPE Certified WOF (World Obesity Federation)

With over 30 years in health care, Shirley has developed her career to focus on metabolic health and management of weight related issues, with or without surgery.

Her metabolic assessments are the first step of treatment, she is a believer that one size does not fit all.

Metabolic

Shirley prides herself on discussing, interpreting and educating her clients, on their metabolic assessments. She also discusses lifestyle changes, planning and support.

All of Shirley's qualifications enable her to provide comprehensive support what ever your decision.

-  Metabolic Assessments
-  Weight Loss Management
-  Iron Infusions
-  Multivitamin Infusions
-  Comprehensive Health Checks
-  Support and Education

Aesthetics

Shirley offers a range of different cosmetic medical treatments. Everyone is unique and each individuals desired outcomes vary.

The process starts with a personal facial analysis, from there we discuss what options are best suited to your goals and create a tailor made plan.

-  Cosmetic Injectable Treatment.
-  Skin tightening treatment
-  Specialised skin products to suit face & body e.g loose skin.
